Introduction

This directory provides a list of eternalHealth's network providers for Maricopa, Pima, Pinal and Graham Counties in the state of Arizona. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

This directory is updated monthly and has the most current information on our participating provider network. The network may change at any time, including between regular directory updates. Before you schedule appointments or receive services, please confirm if the provider is participating in the network and is accepting new patients.

HMO members will have to choose one of our in-network providers listed in this directory to be your Primary Care Physician (PCP). Additionally, HMO members must receive care from providers only at the locations listed within this directory. If you receive care from one of these in-network providers at a location that is not contracted with eternalHealth, your care will not be covered, except in the case of a medical emergency.

Please note, although certain providers may be listed in this directory, it does not mean that their services are covered benefits under your plan. Also, you may need a referral or prior authorization to see a participating provider for a certain service. To get detailed information regarding benefit coverage, referrals, or prior authorization requirements, please reference your EOC or call member services at 1 (800) 680-4568 (TTY 711).

Selecting your PCP

To select your PCP, you can:

- Make a change through the eternalHealth Member Portal.
- Make a change through the eternalHealth Empower mobile application.
- Call Member Services at 1 (800) 680-4568 (TTY 711).

If you elect to change your PCP, the change will go into effect on the first day of the following month.

Contact Us

If you have any questions about selecting a PCP, finding appropriate care or a provider, or understanding your benefit coverage, call Member Services at 1 (800) 680-4568 (TTY 711).

Make sure your provider refers you to a hospital that participates in the eternalHealth network when you need hospital care or services such as lab tests, X-rays, MRI, or CT scans provided at a hospital.
