Introduction

This directory provides a list of eternalHealth's network providers for Middlesex, Worcester, Plymouth, Bristol, Norfolk and Suffolk counties in Massachusetts. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

This directory is updated monthly and has the most current information on our participating provider network. The network may change at any time, including between regular directory updates. Before you schedule appointments or receive services, please confirm if the provider is participating in the network and is accepting new patients.

HMO members will have to choose one of our in-network providers listed in this directory to be your Primary Care Physician (PCP). Additionally, HMO members must receive care from providers only at the locations listed within this directory. If you receive care from one of these in-network providers at a location that is not contracted with eternalHealth, your care will not be covered, except in the case of a medical emergency.

We encourage PPO members to select your PCP from the list of providers in this directory, however it is not mandatory. Under the PPO benefit design, members may receive care from providers outside of our network, but your care will be covered at the out-of-network benefit level.

Please note, although certain providers may be listed in this directory, it does not mean that their services are covered benefits under your plan. Also, you may need a referral or prior authorization to see a participating provider for a certain service. To get detailed information regarding benefit coverage, referrals, or prior authorization requirements, please reference your EOC or call member services at 1 (800) 680-4568 (TTY 711).

Selecting your PCP

To select your PCP, you can:

- Make a change through the eternalHealth Member Portal.

- Make a change through the eternalHealth Empower mobile application.
- Call Member Services at 1 (800) 680-4568 (TTY 711).

If you elect to change your PCP, the change will go into effect on the first day of the following month.

Contact Us

If you have any questions about selecting a PCP, finding appropriate care or a provider, or understanding your benefit coverage, call Member Services at 1 (800) 680-4568 (TTY 711).

To notify eternalHealth of inaccurate information found in our provider directory, call Member Services at 1 (800) 680-4568 (TTY 711).

Balance Billing

Please note, in cases where out-of-network or in-network providers submit a bill directly to the enrollee, the enrollee should not pay the bill and should submit it to the plan for processing and determination of enrollee liability, if any.

Here are the submission options for sending your bill to eternalHealth:

By fax:
1 (888) 692-7270

By mail:

PO Box 1263
Westborough, MA 01581

eternalHealth Network Information

eternalHealth Freedom (PPO)

This plan has access to all of eternalHealth's in-network providers. As an eternalHealth member, you may see any provider listed in this provider directory and have the choice to see any provider outside of the eternalHealth network as well. The cost-sharing amount (copayment or coinsurance) you pay for covered services will be much lower if you go to a provider in-network with eternalHealth versus out-of-network.

If you need hospital care or services (e.g., lab tests, X-rays, MRI) provided at a hospital, you can save money when your provider refers you to an in-network hospital.

If you have questions, refer to your plan documents or call Member Services.

eternalHealth Give Back (PPO)

This plan has access to all of eternalHealth's in-network providers. As a member of an eternalHealth PPO Plan, you may see any provider listed in this provider directory and have the ability to see any provider outside of the eternalHealth network, at an additional cost. The cost-sharing amount (copayment or coinsurance) you pay for covered services will be much lower if you go to a provider in-network with eternalHealth versus out-of-network.

If you need hospital care or services (e.g., lab tests, X-rays, MRI) provided at a hospital, you can save money when your provider refers you to an in-network hospital.

If you have questions, refer to your plan documents or call Member Services.
